Philips Portable SSD

Ultra Speed – 2TB

Philips portable SSD combines ultra performance with a very compact aluminium space grey casing. The drive is based on flash memory and therefore reliable and quiet in use. Compared to traditional HDDs, the SSD uses less power and generates less heat which results in increased lifespan and lower power consumption making the battery of your notebook last longer.

5 Times faster than an external hard drive ¹

This Philips SSD is 5 times faster than an external hard drive and offers you an ideal solution for transferring 4K Ultra-HD videos.

Ultra slim elegant design

Philips external SSD is designed to be compact and modern. Small and light enough to carry it with you anywhere you go.

Universal compatibility

Philips portable SSD can be used in combination with devices supporting USB 2.0, USB 3.0, USB 3.1 and USB 3.2 standards. Designed to work with Windows PCs, Macs, tablets and smartphones.³

Specifications

- Storage capacity: 2TB ²
- Interface: SATA
- Connectivity: Ultra Speed USB-C
- Max. speed: Read: 550MB/s ¹
- UASP mode: Supported
- System requirements: Windows 7 and higher
Mac OS 9.0 and higher
Linux 2.4.0 and higher
Android 5.0 and higher
- Warranty: 2 Years
- EAN: 4895229133563
- Product dimensions: (H x W x D) 2.95 x 10.0 x 0.9cm
- Weight: 30g

¹ Performance may vary depending on host device configuration. Announced speed represents the maximum speed when used with USB 3.0 devices, enabled UASP mode and is based on internal testing.
² 1GB=1,000,000,000 bytes. Lower capacity may be demonstrated by your device due to use of a different measurement standard.

³ Some host-devices may require reformatting. Cable for use with tablets and smartphones is not included in the package.

Specifications may change without prior notice.
