

Philips
USB Flash Drive

32GB
Click-edition 3.2

FM32FD175B/00

Philips Click

USB-C-connector USB 3.2 32GB

With read speeds of up to 120MB/s, the Philips Click USB-C flash drive provides fast and efficient data transfer, saving you valuable time and making files accessible in an instant.

Superfast data transfer

Take advantage of USB 3.2 Gen 1 performance for rapid data transfer speeds, increase efficiency and save valuable time when storing and accessing files.

Click system

The convenient protection of the USB-C connector with an integrated click system ensures extra durability and prevents damage when the flash drive is not in use.

Wide compatibility

The USB-C connection makes the flash drive compatible with a variety of devices, including PCs, laptops, tablets, and smartphones with USB-C ports.

Compact design

With its small size, this flash drive easily fits into your pocket, handbag, or laptop bag. Carry your data everywhere without compromising on portability.
