# Philips 2-in-1 OTG

## Micro USB – USB 2.0 32GB

This Philips 2-in-1 flash drive has two connectors. The USB connector can be used for storing and sharing files with your PC while the Micro USB connector can be used for exchanging data with your smartphone or tablet with Micro USB-connector.

### 2-in-1

This 2-in-1 flash drive allows fast data transfer from your smartphone or tablet with Micro USB connector to your PC enabling you to quickly share files or free up storage space.

### 32GB storage capacity

32GB offers enough capacity to store at least 9.000 of your favorite photos or 5.600 MP3 music files\*).

### Easy to use

A very handy swivel mechanism protects the Micro USB connector making a cap unnecessary.
