Philips Pico

USB 2.0 32GB

The Philips Pico USB flash drive is one of the smallest flash drives available on the market. Because of its size you can easily just leave it in the USB port of your laptop while travelling. Also very suitable for use in devices that offer insufficient space for using larger sized USB flash drives.

32GB Storage capacity

Enough capacity to store at least 9.000 of your favorite photos or 5.500 MP3 music files*).

Super compact casing

High Speed data transfer in a super compact casing: only 1.5 x 2.3 x 0.8 cm. Easily fits your wallet!

Handy strap

Including handy strap that, for instance, enables you to connect the flash drive to your key ring
